

Extra Tabs
Extension for Magento 2
User Guide
version 1.0

Introduction

Extra Tabs extension allows the store administrator to control Tabs on product details page through admin panel. Admin can easily add more custom tabs based on the content of CMS static blocks Textarea product attributes, translate them for different store views, shuffle tabs order and change Titles for each tab.

Installation

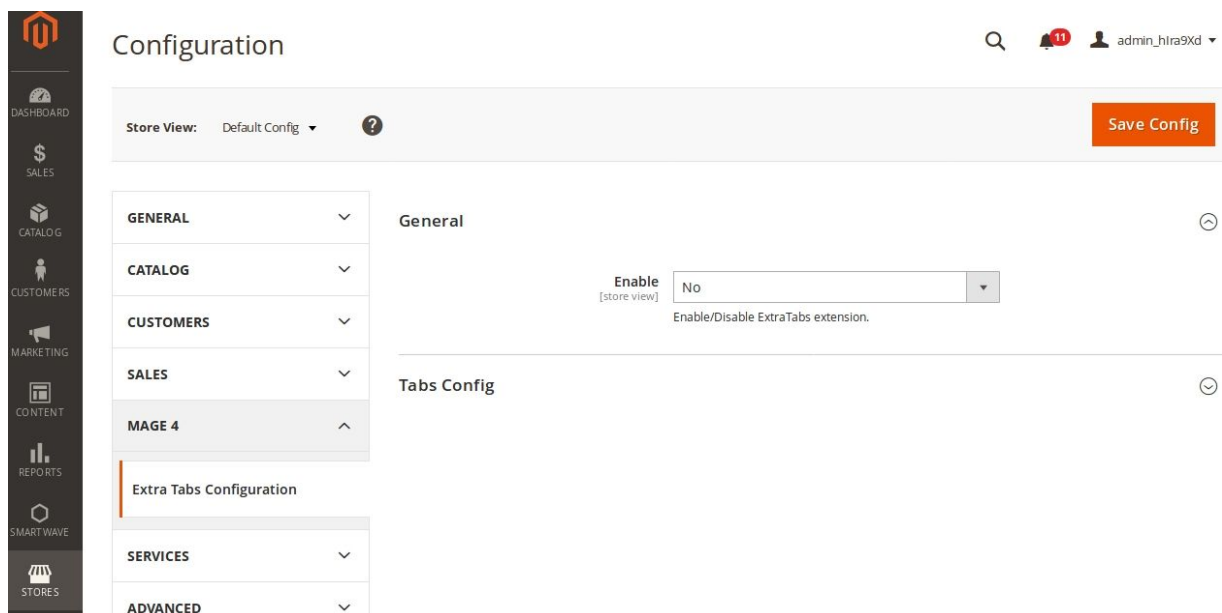

Extract the .zip archive folder and upload all contents into **your_magento_root/app/code/Mage4/ExtraTabs** folder on your server through any FTP client.

Run the following commands in the SSH console:

```
php bin/magento module:enable Mage4_ExtraTabs
php bin/magento setup:upgrade
php bin/magento cache:flush
```

Admin Configuration/ Usage

Login to Magento admin and goto Extra Tabs Configuration section through **STORES -> Settings -> Configuration -> Mage4 -> Extra Tabs Configuration**

The screenshot shows the Magento Admin Configuration interface. On the left is a sidebar with navigation icons for Dashboard, Sales, Catalog, Customers, Marketing, Content, Reports, Smartwave, and Stores. The main area is titled 'Configuration' and includes a search icon, a notification bell with '11', and a user profile 'admin_hira9Xd'. Below the title bar, there's a 'Store View' dropdown set to 'Default Config' and a 'Save Config' button. The configuration is divided into sections: 'General' and 'Tabs Config'. In the 'General' section, there's an 'Enable [store view]' dropdown set to 'No' with the text 'Enable/Disable ExtraTabs extension.' below it. The 'Tabs Config' section is currently collapsed. A sidebar menu on the left lists various configuration categories: GENERAL, CATALOG, CUSTOMERS, SALES, MAGE 4 (which is expanded to show 'Extra Tabs Configuration'), SERVICES, and ADVANCED.

Enable: Enable/Disable Extra Tabs on product details page storefront. Select Yes to replace magento default tabs with Extra Tabs.

The sporty Joust Duffle Bag can't be beat - not in the gym, not on the luggage carousel, not anywhere. Big enough to haul a basketball or soccer ball and some sneakers with plenty of room to spare, it's ideal for athletes with places to go.

- Dual top handles.
- Adjustable shoulder strap.
- Full-length zipper.
- L 29" x W 13" x H 11".
